Summary

Creative developer with 10 years of experience in web and cloud technologies. Expertise in modern frameworks and cloud infrastructure. Proven ability to lead teams and deliver scalable solutions.

Experience

Lead Developer

2022 – present

ExampleSoft

Python / Django / React / AWS / Docker / Kubernetes

- Leading a team of 8 developers to deliver SaaS products for global clients. Architected microservices and CI/CD pipelines. Mentored junior engineers.

Software Engineer

2017 – 2022

Webify Inc.

Node.js / Express / Vue.js / MongoDB / Jenkins

- Developed REST APIs and modern web applications. Automated testing and deployment pipelines. Improved system performance by 40%.

Education

- BSc – Wonderland University

2013 – 2017 Computer Science

Certifications

- AWS Certified Solutions Architect – Amazon Web Services 2023 (ID: AWS-12345678)
- Kubernetes Application Developer – Linux Foundation 2022 (ID: LFCD-2022-001)

Honours & Awards

- Developer of the Year – Webify Inc. 2021
- Open Source Contributor Award – Tech Community Alliance 2023

Technical Skills

Backend Languages: Python, JavaScript/Node.js, Go, Java

Frontend Frameworks: React, Vue.js, Angular, TypeScript

Cloud & DevOps: AWS, Google Cloud, Docker, Kubernetes, Terraform

Databases: PostgreSQL, MongoDB, Redis, DynamoDB

Projects

Real-time Analytics Dashboard

2023

Built a high-performance dashboard processing 1M+ events daily using React and Kafka.

Technologies: React, Node.js, Kafka, PostgreSQL

Microservices Framework

2021 – present

Open-source framework for building scalable microservices with built-in observability.

Technologies: Go, gRPC, Docker

Volunteer Experience

Technical Mentor

2020 – present

Code for Good

Mentoring junior developers from underrepresented backgrounds. Led workshops on cloud architecture and DevOps practices.

Publications

- Scaling Microservices: Best Practices and Pitfalls (Dev.to) 2023
- Kubernetes in Production: Lessons Learned (Medium) 2022

Languages

- **English** – native
- **Spanish** – intermediate
- **Mandarin** – beginner

Professional Memberships

- ACM (Member) 2018 – present
- Cloud Native Computing Foundation (Member) 2021 – present

Portfolio

-  GitHub Portfolio
-  Personal Website
